

Advanced Call Center

Limitless Business Resources

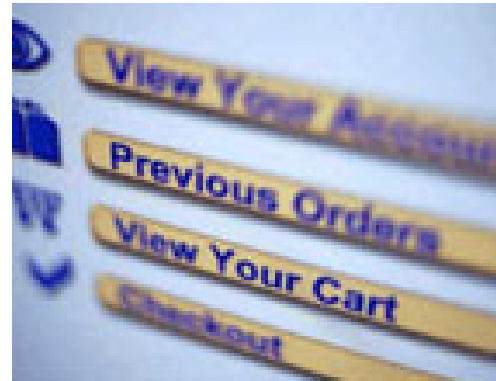

*Advanced Call Center for Businesses Requiring CRM,
Advanced Capabilities, and Total/Partial Product Fulfillment Services*

Live Operator Service ▶ We are prepared to aid you in enhancing your brand and growing your business. Our advanced call center service combines web-integrated technology with highly trained customer service personnel to offer your business the pinnacle of customer relationship and customer care solutions as well as total integrated product fulfillment.

Each customer account is individually tailored to meet that business's particular needs—today and in the future. Our advanced technology and web-integrated fulfillment and package management enables us to merge seamlessly into your existing business protocol. Our operators grow as your product grows, becoming more knowledgeable and proficient with each new call and each new customer.

Please consider these key benefits of utilizing our advanced call center service:

- ▶ Improve customer loyalty and satisfaction through superb customer relationship management
- ▶ Reduce capital investment and overhead through outsourcing vital business tasks
- ▶ Organize your business with web-integrated account and product line access
- ▶ Maximize revenue streams through up-selling
- ▶ Increase customer base via word-of-mouth referrals from satisfied customers
