

Do you have an Ethics Hotline?

Do you know everything that goes on in your company?

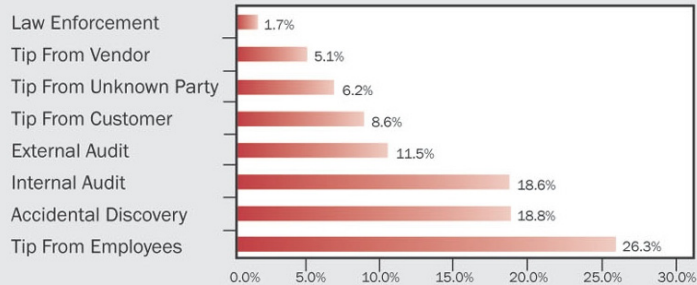

*Are there unethical, illegal, or dangerous activities taking place?
Do you have the means to protect your company and its workers from law suit, injury, or worse?*

Ethics Hotlines give businesses and their employees the freedom to know that they have a means to report harassment, discrimination, theft, or fraud anonymously and without incident or retaliation.

For business owners and managers, an ethics hotline offers a clear picture of the actions of their company and, if necessary, allows them to take action quickly to avoid any further wrongdoing.

INITIAL DISCOVERY OF FRAUD

Ethics Hotlines are also an invaluable tool for detecting corporate and financial fraud, which is one of the main components in complying with the Sarbanes-Oxley act.

Lauttamus Communications, a 40-year-old service provider, will create for you an anonymous toll-free hotline number to protect you and your employees.
