

H1N1 • CALL CENTER & ANSWERING SERVICE

Let Luttamus Communications be your H1N1 Pandemic Control Center. With Luttamus Call Center & Answering Service, residents and businesses in your area can stay up to date and be the first to know if the H1N1 Pandemic will be affecting your area, and keep them updated on H1N1 vaccines and ways to prevent the spread of the disease through Mass Notifications.

According to the *Centers for Disease Control & Prevention*, 26 states are reporting widespread influenza activity at this time, including: Delaware, Maryland, Pennsylvania, and Virginia.

The first 2009 H1N1 virus infections were identified in the U.S. in April 2009. By August, the cumulative number of infections in the United States was estimated to be at least 1 million – *Centers for Disease Control*

- ➔ **BE READY:** if a disaster strikes in your area, be ready to inform the public on what to do next with Luttamus Communications Disaster Hotline
- ➔ **BE INFORMED:** Let the general public know the latest information on the H1N1 Virus
- ➔ **BE THE 1st TO KNOW:** Let residents be the first to know with mass notifications that the H1N1 virus could affect them.
