

OTTO is a vertically integrated manufacturer of two-way communication accessories that are put to the test every day **by people** in the field, many of whom are putting their lives on the line. Our accessories are designed for the U.S. Military, federal, state and local law enforcement agencies, public safety agencies and for commercial markets.

OTTO is known worldwide for delivering innovative products with enhanced performance that provides clear, reliable communications—from war zones to national parks to mining operations and retail enterprises. Specializing in lightweight and heavy-duty headsets, speaker microphones and surveillance kits, OTTO is the number one choice for people who can't afford failure.

OTTO is a privately held business located in Carpentersville, Illinois. OTTO was founded in 1961 on the principle that quality, excellence and innovation are paramount to success. We are ISO 9001:2008 certified and maintain the highest quality standards.
