Lauttamus Communications
Attn: Customer Service/Human Resources

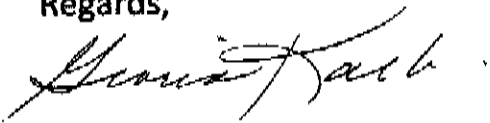

Last month, I had Lauttamus replace my old security system with Lauttamus security systems.

I first met with Juanita and Josh and then Josh, Jim, and Brandon installed the equipment. I wanted a small change and Donnie handled that for me.

I want to complement all these people on their professionalism, appearance, and willingness to instruct and help in any way.

I believe employees of this caliber more than represent the quality of your service and extremely glad that I made the change to Lauttamus.

Regards,

Gloria Kalb
